SAFETY WITH 'E'S

The American people are getting the traffic safety problem under control. It hasn't been solved but it is yielding to treatment when press reports reveal that the death rate from traffic accidents has reached a record low level—7.3 for each 100,000,000 miles of travel.

That is all the more heartening because the rate has gone steadily down during the last two years when the number of cars and trucks on the road has reached a new high and travel a new peak. The remarkable and gratifying result is that the death toll this year may be 1,200 below 1947. And 1947 was 1,111 below 1946.

The story behind this improvement began in May, 1946, when representatives of federal, state and local governments, and of all traffic safety groups, adopted a program based on three time-tested "E" techniques:

Educate driver and pedestrian.
Engineer hazards out of vehicles and roads.
Enforce the laws.
A fourth "E" was added—energy in applying the others.

RECLAIMING OIL

In California and some other states, service station operators are making remarks like this: "Every time we put a car up on the rack it seems someone is tapping us on the shoulder for the old oil."

The persons doing the tapping, manually or otherwise, are those who are reclaiming worn-out crankcase oil, refining it and selling it back to users. Several firms are making machinery for cleaning up old oil. Approximately 20,000,000 gallons of "re-refined" oil a year are being produced, and that is only a drop in the pocket compared to the estimated 500,000,000 gallons of used oil wasted annually.

Is this reclaimed oil good oil? Some is good, some perhaps not so good. A taxi-cab company at Long Beach, Calif., says it saved \$100 a week by doing its own reclaiming at a cost of 10 cents a gallon.

Some of the big oil companies profess to be skeptical of this process. But there seems to be a great deal to the claims of those who refine the 20,000,000 gallons a year. Nobody would argue that imperfection in present methods should prevent everything possible from being done to reclaim old oil.

SOFTBALL TOURNAMENT OPENS HERE TONIGHT

The softball championship of Bristol, plus a beautiful trophy as a reward, will be the goal of seven teams as they open their drive to win the title starting tonight when six of the clubs go into action in three games.

As was the case last year, the tournament will be of the double elimination type, meaning that each team must be beaten at least twice in tournament play to be eliminated. Thus after a team is beaten for the first time it drops out of the "Winners' bracket" into the "Losers' bracket," where a second setback automatically eliminates them from further competition in the tournament.

Only teams which have competed in one of the three Bristol Softball leagues are eligible to participate in this tournament. In tonight's encounters, Presbyterian of the Church League, will oppose the Auto Boys of the Twilight League on the Memorial Park field. Also on the same field, Fleetwings of the Industrial League stacks up against the Jefferson A. C. champions of the Twilight League. And on the John & Haas field at Maple Beach, the Rohm & Haas club vies against Leedom's. Both of these clubs are in the Industrial League. Hunter-Wilson, also of the Industrial loop, drew a "bye" for the opening round of play and will not see action until tomorrow evening when they oppose the winner of the Rohm and Haas-Leedom game.

EXPECT TO COMPLETE WORK ON BLEACHERS

The new bleachers being erected on the high school field are in the final stages of completion today. It was announced by a spokesman of St. Ann's A. C. On Saturday 15 men from St. Ann's and Goodwill Fire Co., under the supervision of William Doane, the high school maintenance man, put the bleachers up.

The new addition is expected to hold some 2,000 spectators, and coupled with the seats already available, the seating capacity at the high school field will run between three and four thousand. They extend at present from the 10-yard line to the 10-yard line, and when fully completed will extend from the seven-yard line to the seven-yard line.

The bleachers will receive their baptism this evening when the Goodwill Hose team plays its first game under the lights. They will meet Elm A. C. In the future, each end zone of the field will be screened off by canvass, so that the game

cannot be witnessed from the outside.

The decision to erect the new bleachers on the field by the two local organizations was made at the last school board meeting. The work was done voluntarily by the members of each organization under the supervision of Doane.

St. Ann's will play their first game on the field on September 22nd.

Refuse to Accept The Resignation of Stackhouse As President of Fire Ass'n

relative to the banquet planned for next Saturday at Quakertown honoring 16 charter members of the county organization.

Members of several of the companies spoke regarding members who had died. Howard Sichel, one of the organizers of Southampton department was buried on Saturday.

Death benefit check in the case of the late Hon. Thomas B. Stockham, Morrisville, was returned by Mrs. Stockham to the association. With it was a request that such be used to help create a memorial fund for her late husband. The officers will outline such plan. A page in the minute book is to be set aside in honor of Mr. Stockham's memory.

Chief Linford Roberts spoke regarding a fire at Trevose Fire Co. station which was not learned about until it had burned itself out a week ago. He told how paper plates, napkins, coffee grounds, etc., were dumped in a large cardboard carton following a festivity at the fire station. Later contents of ash trays were placed on top. The carton was left in the middle of the kitchen floor to be emptied the next day.

The first man arriving at the fire station the next morning discovered that some of the contents of the box had become ignited and burned a log off a table, also a hole through the floor and burned part of two joists. It was believed that wet coffee grounds had prevented full flare-up of contents of the box. A cigarette from the ash trays was blamed for starting the fire.

Danger of erecting buildings too near oil pipe lines in the county was mentioned. Attention was also called to the fact that a number of trucks loaded with explosives traverse the Bucks Co. highways, unescorted. This matter is to be investigated.

William Ettenger, of Newtown, will be in attendance at the state convention sessions of firemen at Reading from October 5th to 7th. Annual memorial service for county firemen was discussed. This to be held at the meeting each June. The memorial committee includes: Donald Roberts, Trevose; the Rev.

Roeger, county chaplain; Herman Hunsberger, Dublin; and Horace Boats, Southampton. Members also considered advisability of radios being installed in certain automobiles used by firemen. Committee named to consider feasibility includes: Robert Graham, Chalfout; George Kilger, Hulmeville; Edward Moon, Milford Square; Edward Urban, Cornwells Heights; and Arthur Ridge, Erwinna.

Next meeting, in December, was set for Yardley, March, Point Pleasant, June, Sellersville; September, 1949, Langhorne; December, 1949, Newtown.

It was stressed to those present that a fireman's first duty is fire prevention.

During the latter part of the evening a feature presented by several was woven about the life of the late Rev. Oscar Meyer, who had organized the county firemen's association and served as first president.

Account of his life was presented by C. Wilson Roberts, Churchville; and Percy Leedom spoke of Mr. Meyer's association with Southampton. Percy C. Bean told how Mr. Meyer organized the county group. The association organized with 16 companies in 1912, and at the time of Mr. Meyer's death there were 32 companies affiliated.

Music was included during the evening.

Y., and Mr. Samuel Ostroff, Philadelphia, cousins of the bride-groom; and Mr. Fred Green, Philadelphia. The ring bearer, Richard Joel Carmosin, a nephew of the bride, carried the two rings on a satin pillow.

Selected by Mrs. Eidelson, mother of the bride-groom for the ceremony was a gray lace gown. Her corsage was composed of lavender orchids.

Dinner which followed was served in the ball-room, a large heart shaped cake being placed before the bride. An eight-piece orchestra provided dinner and dance music, and solo numbers were by a Philadelphia vocalist.

Mr. and Mrs. Eidelson will travel by airplane from New York to the Bermuda Islands, and later spend a few days in New York. They will make their home on Oxford Circle, here. The bride is a graduate of Bristol high school, and of Temple University. She taught second grade pupils at Edgely school last term.

Mr. Eidelson, a graduate of Olney high school, served for 3 years in the U. S. Army. He is engaged in business with his father in the firm of Trenton China Pottery Co., here.

WHO?

I heard a knock.
Who could it be?
Then what a shock
Oh golly—oh no! Oh glory be,
My children were near,
My husband was busy,
No danger had I to fear,
Yet fear made me dizzy.

With trembling knees
I opened the door.
A whisper I squeezed,
I could do no more.
A "cop" stood before me
With a paper in his hand,
A notice he gave me
To "weed out" our land.

I broke no law,
I did not steal.
Yet all who saw?
My thoughts just reeled,
My neighbor's eye I caught,
As for control, I feebly fought.

"I know just how you feel,"
said she.
"A notice for a curb they gave me."

Why, oh, why, can't they send
A plainclothes man, to be our friend.

To tell us what is expected of us.
No shocks, no gossip and no fuss.

A dog's best friend is his man

In all of Nature, there is no counterpart for the deep, age-old friendship between man and dog.

A dog is a social creature. He is a member of human society.

In return for a little kindness, he is ready to give a family all his love, his devotion, his labor, and—if necessary—his life.

Just as people need dogs, so do dogs need people.

And that is why the work of the Humane Societies of this country is so important.

Your local Humane Society helps families who are looking for dogs, and dogs who are looking for families.

It offers expert advice to dog owners on the intelligent care, feeding and training of their pets.

In some cities it provides skilled veterinary service for sick pets, regardless of the owner's ability to pay.

And it performs an important safety service by caring for hundreds of strays that would otherwise wander the streets, a potential menace to health.

Your Humane Society stands always ready to help you. It, in turn, deserves your help.

For this reason, the Chrysler Dealers are sponsoring a radio program, "The Animal World Court," designed to make you better acquainted with the activities of these useful groups.

As an organization devoted to service, we are proud to be able to help the country's Humane Societies in their generous and kindly work.

FREE BOOKLET—"HOW TO TAKE CARE OF YOUR PET." Explains the do's and don'ts of care, feeding, training, breaking bad habits, etc. Stop in at your Chrysler dealer's for a free copy.

GOODWILL GRID TEAM TO OPEN SEASON TONIGHT

The 1948 football season will be inaugurated here tonight as the Goodwill Hose eleven stacks up against the Elm A. C. team, of Philadelphia. Kickoff will take place at 8:30 o'clock on the Bristol High School field.

The Terchon Post, V. F. W., Cadet Corps will furnish music before the game and between halves. There will be no other ceremonies, of which the Goodwill Company being anxious to go on with the game. Manager Bob Hughes, of the firemen, has announced that the light rig system secured by the fire company athletic association will be one of the best available with 12 poles being used to furnish 60,000 watt power.

Coaches Joe Roe and Jesse Vanzant have been drilling the fire-eaters for the past three weeks and even yesterday morning the boys were tossing the pigskin around to perfect their plays. A light scrimmage drill was also held yesterday.

The average weight of the fire-eaters is in the vicinity of 175 pounds. The starting lineup will be heavy but some of the replacements are light. The entire team is composed of players who attended local schools and Bensalem Township High School.

Coaches Roe and Vanzant are out to better their record of last season when they won three games, lost four, and tied two. This is the third season for the firemen and each year has shown an improvement. The Goodwill boys have played most of the teams that were out of their class but have always come up with a good battle.

Last season, both Lambertville A. A. and St. Ann's outwitted the hosemen. Lambertville was held to a scoreless draw while the "Saints" won 3-0, on a field goal by "Jim" Spencer. The firemen also played five games against Riverside, Palmyra, and Langhorne Aces. They walloped their opponents on their home field, York A. A. and Trenton.

Coach Roe announced yesterday his probable starting lineup. Roe has switched Joe Brady from a guard position to a half-back post. Filling Brady's part in the line will be Sebastian "Buster" Monachello, of last season's Bristol High team. Monachello, a 180-pounder, was used both in the line and backfield by the Warriors last season and will well be able to fill Brady's gap in the line.

Roe and Vanzant have decided to start Larry Dougherty at the center

position, holding "Clem" Distler in reserve. Distler's kicking was a big asset to the hosemen last season. Dan Mulhern, who tried out for a center position, has also been shifted to the backfield.

For starting ends, "Tucker" Gross and Jack Coyne have earned the nod. These boys started most of the tilts of last season and caught most of the passes. However, "Jim" Ellis and "Ed" Harris are a fine pair of reservists for the opener and will see plenty of action.

"Al" Janucci and "Lake" Wade, experienced tacklers, will be at their positions. There are three Janucci brothers in the Goodwill lineup. Joe and "Mickey" also being tacklers. "Mickey" played with Bristol High last season.

Besides Monachello, the other guard will be Claude Camillucci, who played his first season of semi-pro ball last year.

Joe Elmer will handle the ball on the T-formation and call the plays. Elmer is an old hand at this position and does most of the passing. The half-backs will be Brady and "Bobby" Trapp. The latter may also do most of the punting and smash the line. However, the brunt of the line cracking is expected to be done by "Tommy" Holden. Injuries kept Holden on the bench most of last season.

Besides those already named, the Goodwill coaches have for substitutes the following: Don Morris, George Wood, Francis Singer, Jack Ennis, Bernie Stiles, George Hadjuek, Joe Slinger, Bobby Dapp, Ed Cliver, Stan Stevenson, and Bobby Neill. Hadjuek played with Bristol

High before joining the U. S. Marines during World War II. Dapp and Stiles are from Bensalem High, with both being able to get off long boots. Cliver is a running back with Morris handling a pivot position.

Elm A. C. opponents of the hosemen, has played in this vicinity on several occasions. Last season, it had on its schedule the Langhorne Aces, Hope Fire Company, of Burlington; Phoenixville, Pottstown, and Norristown.

The team is coached by "Johnny" Burke and Frank Sutice, and most of its lineup are players who attended various high schools in Philadelphia. Outstanding player and chief ball-carrier is "Al" Jenkins, who is known to knock off at least five yards at a clip.

Elm's starting lineup will be composed of: Ends, Bud McGuldrick and Havern; tackles, Crawford and Eppwright; guards, Worthington and Alcknia; center, Schakoe; quarterback, Jim McGuldrick; half-backs, Jenkins and Houghton; full-back, Rodgers.

The subs are: Taylor, Cain, Don-leavey, Hocker, Garrish, Fink, Thomas, Lucy, Gorrdo, Martin, and Orr.
